

Dear speakers,

The registration for the conference “Sacred Place Names in Sámi Landscapes” is now open, see https://uit.no/tavla/artikkel/639983/sacred_place_names_in_s_mi_landscapes. Speakers do not have to register, but we ask you to please distribute an invitation to your network.

PUBLICATION: We wish to invite you all to publish your contributions in the planned conference proceedings. We are aiming for an open-access online peer-reviewed publication to appear sometime during 2020 or early 2021. The form and timeline of such a publication will be discussed further at the conference.

ABSTRACT: To prepare the publication, and to make some additional information available to participants before the conference, we ask you to please send us an abstract for your paper within **1 November 2019**. The abstracts will be published on the conference website, unless the author objects.

Best wishes,

Marte Spangen
